## 1 Technical specifications of charging adapter

The charging adapter is matched to the Modico Akku-Pack 1300 and mustn't be connected to other electronic equipment.

	Specifications
Input voltage	230VAC *7-10%; 50Hz
Input safety	Thermal fuse 125°C / 2A
No-load power input	approx. 2,5W
Rated power input	approx. 5W
No.load output voltage	max.42VDC at 230VAC
Minimum output voltage	19DC
Rated output voltage	29,4VDC +/-10% matched to Li-Io secondary cells
Ripple voltage	<3V
Rated output current	100mA
Weight	360g
Housing material	ABS
Enclosure	IP20
Approvals	CE
Certifications	EN60558
Red LED off	Output current < 1mA
Red LED on	Output current >10mA
Design versions (countries)	EU, UK
